

SPECIAL CUSTOMER PROMOTION

BUY A HYBRID 75

HYH75W

GET A FREE LRF

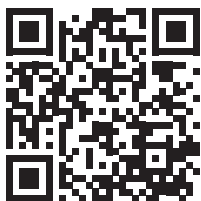

ILR-1000-2

THANK YOU FOR PURCHASING A HYBRID 75 MULTI-FUNCTION THERMAL WEAPON SIGHT!

Right now, we are offering a free laser rangefinder (ILR-1000-2) to purchasers of this cutting-edge optic. This extends the functionality of your sight—providing single or continuous laser ranging and ballistic drop compensation, based on real-time range data.

STEP 1

Register Your Device

irayusa.com/register

This also activates the 5-year warranty on your product.

STEP 2

Complete the LRF Request Form

You'll be asked for purchase and shipping information. No credit card or account creation is required.

STEP 3

Confirm your Zero & Drop Data

While we pack and ship your laser rangefinder, configure the ballistic drop data for your cartridge and rifle. You will only need the drop values (MOA or MRAD), so you can use Applied Ballistics, 4DOF, Strelok, Shooter's Calculator, or any other ballistic calculator.

0	100	200	300

STEP 4

Install & Enjoy!

Beginning 2/12/24. Available to previous HYH75W purchasers in the US.
